

Reviews of teaching-learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

IQAC has initiated a Mentoring/ Counselling System to uplift students in all matters related to academic and personal life. The student seeks the advice of the mentor at every step of their course of study beginning from the registration for courses at the start of every semester. The students meet their mentors regularly. The mentor helps the mentees regarding their interests and energies effectively during the complete course of study at the institution. The most important evidence of success for the mentoring system is from the testimonials of the end-users. The students and their parents have been very happy with the mentoring system. The behaviour of the students on the campus in general has witnessed a tremendous improvement and the students are much happier and contented with their course of study at the institute after the implementation of the mentoring system. The pass percentage and the average academic performance of the students have also achieved greater heights with this practice.

Academic Audit is regularly being carried out by the IQAC. This again helps in recording the incremental improvement in various academic activities.
