

GOVT. HNAHTHIAL COLLEGE

Institutional strategies for mobilization of funds and the optimal utilization of resources 2023-2024

The financial system is under the jurisdiction of the State and the Central government and they are the main sources of financial support in addition to funds received from Rashtriya Uchchatar Shiksha Abhiyan (RUSA) and the University Grants Commission (UGC). The mobilization policy for the distribution of necessary funds for development and administration is done through systematic transparency and financial accountability.

For maintenance of the library facilities, late fee is collected for overdue borrowed books and a minimal fee is also imposed for services provided by the library such as photocopying, printing, etc. which are made available to the students.

Funds received from NSS, NCC and Red Ribbon are utilized and managed by the respective Committees.
